

To Download

1. Download TrueConf Server on your computer.

2. Start installation wizard and follow its instructions.

3. When you launch TrueConf Server for the first time, you will need to [get the activation key](#).

4. After registration, the software will be automatically started. Enjoy our solution!

To use

1. Click on

Group Conferences

2. This will pop up:

Type in your topic here.

3. Click

Ok

4. Then notify another user of this conference through email and click **Launch** after the other user joins.

5. A video camera will pop up, similar to the one on skype.

6. When you are finished, click **Stop** - your conference will close automatically
